

Blossoming Butterfly: Together Hand in Hand

Dear Sir/Ma'am,

First, I would like to introduce myself: My name is Nicole Miller and I'm the CEO/Founder of Blossoming Butterfly. What's a Blossoming Butterfly, you might ask? Blossoming Butterfly is a Nonprofit 501(c)3 Organization that is committed to walking hand-in-hand with individuals as well as their families in the Gainesville community and beyond, who are coping with the unexpected diagnosis of breast cancer, ovarian cancer, or uterine cancer. Being diagnosed with breast cancer at age 32, made me realize how important these services are and that there are many others in need.

Fighting Cancer is tough enough; however, Blossoming Butterfly's mission is to help alleviate the added stress that many families face because of the financial hardship that often accompanies their diagnosis. Having the ability to fulfill our mission will allow our Cancer Fighters to focus on their recovery and become Cancer Survivors. Below are a list of services we're focused on providing assistance with:

- Rent/Mortgage Assistance
- Utility Assistance
- Makeover after Cancer Treatment
- Meditation/Yoga Sessions
- Bras
- Lymphedema Sleeves
- Wigs and Toupees
- Partner with local High Schools to educate youth (11th-12th grade)

Blossoming Butterfly was created to assist those in underserved communities. We currently educate during our annual "Pinkfest " event held at Celebration Pointe, churches and other events so that families are aware of the services available. Many have suffered and even lost their lives because of the lack of resources.

It is our mission to change this narrative. It is imperative that those in the community are made aware of proper resources. We will be available to answer questions and connect others to needed resources for Breast, Uterine, and Ovarian cancer patients. Blossoming Butterfly is always available for any event.

How can your business be of help to Blossoming Butterfly? Blossoming Butterfly is not funded by any other organization. Therefore, it is solely funded by donations and grants. Local businesses can be of help by donations-whether big or small. Funds donated will be generated back into the community by helping those fighting Breast, Uterine, and Ovarian Cancer. We are currently preparing for our annual Gala "Blooming in Shades of Pink Fundraising Gala" and need your assistance.

The following are our levels for sponsorship:

Platinum: \$1000- Seating for 8 guests, advertisement for one business at the event, website and all social media outlets for the month of October, a certificate of recognition at the event, a bottle of champagne and a keepsake for each guest.

Gold: \$500- Seating for you and a guest, business advertised at the event.

Silver:\$250- Name advertised at event

You can also donate towards our event cost.

All sponsorship donations can be made through Eventbrite: "Blooming in Shades of Pink Fundraising Gala" or via www.Blossomingbutterflyinc.org

If you have any questions, please feel free to email us at info@blossomingbutterflyinc.com, visit our website www.blossomingbutterflyinc.org or call us 352 214-0155.

Thanks in advance for your consideration!

Sincerely,

Nicole Miller CEO/Founder
